

I have had 3 children use the UPSTART program. This program helped each one of my children with their reading and math so much! They loved Rusty & Rosie! They enjoyed it all; the games, songs, and characters. I plan to use it for my 4th child as well and can't wait!

Adrian Jensen - Cleveland

As a parent you always want the best for your child. Living in a small community you do not always have the options for early education. We went with UPSTART as it's easy to use. The songs get stuck in your head which for younger kids is great as they remember easier. Both my children learned to read at advance levels after doing this program. I would recommend this for anyone with kids entering kindergarten.

Lacy Nance - Green River

This is our third child to participate in UPSTART. We love the program! It's a head start for their kindergarten year. We've seen so many benefits and growth this past year in our 5 year old!

Jessica Greenhalgh – Ferron

Our daughter loved UPSTART. She was even talking about it the other day. She is going on 10 years old this summer. She loved the songs and she is great at math with the help of UPSTART.

JoElla Brown – Green River
